

At a glance

½ or 1 day workshop

Available for 12 to 200 people

Used in training development programs, project kickoffs, conferences and events

Delivered by an ExperiencePoint trained Facilitator

Experience a better way to innovate.

ExperienceInnovation™ | Learn steps your people through the essentials of a four-month innovation project in an engaging half-day or full-day workshop. Teams tackle a realistic design challenge while applying the three phases of *design thinking*.

ExperienceInnovation™ | Learn teaches people how to Identify challenges that are human centered, observe users to build empathy, form unique user insights based on observations and create learning-oriented experiments. As a result, your people will develop an awareness of and support for *design thinking* as an approach to problem solving. Our workshop will also provide the opportunity to practice the skills to tackle a *design thinking* project from start to finish and encourage individual commitment to personally practice *design thinking* techniques.

Sample Agenda

30 mins **Design Thinking Intro**
Case for innovation
Power of *design thinking*

90 mins **Phase 1: Inspire**
Define the Challenge
Observe Users
Form Insights

45 mins **Phase 2: Ideate**
Frame Opportunities
Brainstorm Ideas

60 mins **Phase 3: Implement**
Prototype Ideas
Design Experiments

10 mins **My Commitment**
Commit to practice
Share next step to advance understanding

Outcomes

- Develop a common language for innovation
- Put customers at the center of design efforts
- Grow nascent ideas into powerful solutions
- Integrate *design thinking* into your work culture
